

Victoria Elementary School

School Action Plan

SRTS Program	Description	Action Plan	Cost Estimate
School Pedestrian Route Map	Identify school boundaries and preferred walking routes to school. Identify crosswalk, stop sign, traffic signals and crossing guard locations.	Map prepared as part of program.	Free
Parent Center SRTS	Provide a centralized location where parents, school, etc. can find information on the SRTS Program including link to School Route Plan Maps, SRTS resources library and School Action Plan.	The Parent Center will be a centralized location where parents and the community can find information on the SRTS program. Under the stewardship of the school coordinator and community representative, SRTS information will be updated and kept on file.	Free
Safe Passages Services	In collaboration with South Gate Police Department and with LAUSD school police, parent volunteers will be stationed at key corners and monitor student safety.	Law enforcement to identify locations. School staff/parents help.	School/parents to organize. School costs for personnel.
"Marathon Kids" and Harvest of the Month Program Curriculum Implementation	Both programs will provide additional resources to promote the use of walking routes and encourage walking as an alternative to school. School staff will oversee both programs respectively.	Teachers will motivate all students at Victoria Elementary School during Monday morning assemblies to make healthy choices regarding snacks, encouraging fruits and vegetables and also logging in distance traveled to school as part of miles requirement for "Marathon Kids"	Free
SRTS Webpage	Provides a centralized location where parents, schools, etc. can find information on the SRTS Program. Includes link to School Route Plan Maps, SRTS resource library, School Action Plans, etc.	Webpage prepared as part of program.	Free

Victoria Elementary School School Action Plan

SRTS Program	Description	Action Plan	Cost Estimate
Outreach Campaign	Funding provided to encourage more walking/biking to school site.	Purchase of assemblies to promote walking/biking to school: <i>Riding with Youth</i> and <i>Walk and Roll to School</i> . In addition, the purchase of clip-on safety lights/reflectors, pedometers, stickers, wristbands, refreshments and other incentives to promote biannual event. Other incentives: Purchase a little license plate or car (like Legos). Maybe give away bicycles (one for child & one for an adult).	Cost for assemblies and incentive items: ~\$1,300.00.
Increase Walk Time	Increase walk time for signal at Tweedy/Victoria	City to follow up.	City costs for supplies & personnel
Crossing Guard	Provide crossing guard at uncontrolled, painted crosswalk on Tweedy at Dearborn to assist Victoria ES, Madison ES, high school and middle school students.	City to conduct a study to determine if location meets the CA MUTCD requirements.	City/School District to provide funding.
Crossing Guard	Provide crossing guard at Missouri & Dearborn like the one at Missouri & Victoria	City to conduct a study to determine if location meets the CA MUTCD requirements.	City/School District to provide funding.
Repaint/replace curb paint. Add related signs.	Grayed-out curb on Dearborn is confusing. Several white, yellow & green curbs don't have signs to clarify time limit. Replace existing red curb on Dearborn in front of pedestrian entry gate with a white loading zone White passenger loading zone on Victoria needs repainting (main school entrance used by parents) Convert old yellow zone on W/S of Victoria to a white zone to match adjacent zones.	City to review situation and repaint, revise, as needed.	City costs for supplies & personnel

**Victoria Elementary School
School Action Plan**

PROPOSED FUTURE INFRASTRUCTURE IMPROVEMENTS			
Title	Description		Cost Estimate
Modify Metal Plates	Modify the metal plates (for drainage?) on the W/S of Victoria (near the back of the auditorium) so they are not slippery when wet & do not pose a tripping hazard	School District/City to review and modify, as needed.	Design Cost = Unknown Construction Cost = Unknown Possible grant funding
Modify Speed Humps	Modify existing speed humps on Dearborn & Victoria - too small, may need more, spacing needs to be closer	City to review and modify, as needed.	City costs for supplies & personnel
Install Speed Feedback Signs	Install speed feedback signs on California and San Antonio to assist students coming from east of the school.	City to conduct a study to determine if location meets the necessary requirements.	City costs for supplies & personnel. Possibility for grant funding.
